Olkiluoto Accommodation Village
- cost-efficient housing close to work site

Olkiluoto Accommodation Village offers an appealing housing option for everyone working in the neighbourhood. The accommodation village is only about 3 kilometres from the Olkiluoto power plant main gate.

The village is owned by Teollisuuden Voima Oyj (TVO) and managed by TVO Nuclear Services Oy (TVONS).
Accommodation

Room types:

• **Single room with separate entrance**
  The room has a toilet, shower, kitchen corner and a cable TV. Option for an extra bed.

• **Single room with a shared social/washing/kitchen facility.** WLAN.

Services are included in the accommodation price

There is laundry room and online connections in the maintenance building for everyone to use free of charge. Two saunas, barbecue, volleyball court and football field are located in the accommodation village. In the beachfront nearby you can swim, go fishing and build a campfire.

The accommodation price includes, for example, the following:

• heating, electricity and water
• room cleaning and cleaning of shared facilities
• linen replacement
• waste management

Caravan site

There is room for 24 caravans in the accommodation village.

Caravan site is located behind the accommodation houses on the south side of the village.

The pleasant, tidy rooms are also suitable for a longer stay. Thousands of satisfied customers have stayed in the Olkiluoto accommodation villages.
